

LogarithmicAxis

```
classDiagram
    class LogarithmicAxis
    class AudiometryViewModelPureToneVMAudiogramFreqLogAxis["Audiometry.ViewModel.PureToneVM.Audiogram.FreqLogAxis"]
    AudiometryViewModelPureToneVMAudiogramFreqLogAxis --|> LogarithmicAxis
```

The diagram illustrates a class hierarchy. At the top is the 'LogarithmicAxis' class, represented by a white box with a black border and two empty internal compartments. Below it is the 'Audiometry.ViewModel.PureToneVM.Audiogram.FreqLogAxis' class, represented by a grey box with a black border and two internal compartments. The top compartment of the grey box contains the class name. The bottom compartment contains the method signature '+ GetTickValues()'. A blue arrow with an open triangular head points from the top of the grey box to the bottom of the white box, indicating that the grey box class inherits from the white box class.

Audiometry.ViewModel.Pure  
ToneVM.Audiogram.FreqLogAxis

+ GetTickValues()
