

Audiometry.Model.SubTableModel.
AirCondUmskDataModel.AddRecordTo
Database

Audiometry.Model.SubTableModel.
AirCondUmskDataModel.UpdateRecord
InDatabase

Audiometry.Model.SubTableModel.
AirCondUmskDataModel.GetViewModel
PropertyValues

```
graph LR; A["Audiometry.Model.SubTableModel.  
AirCondUmskDataModel.AddRecordTo  
Database"] --> C["Audiometry.Model.SubTableModel.  
AirCondUmskDataModel.GetViewModel  
PropertyValues"]; B["Audiometry.Model.SubTableModel.  
AirCondUmskDataModel.UpdateRecord  
InDatabase"] --> C;
```

The diagram illustrates a dependency or inheritance relationship. Two methods on the left, 'AddRecordTo Database' and 'UpdateRecord InDatabase', both point via blue arrows to a single method on the right, 'GetViewModel PropertyValues'. The rightmost box is shaded gray, while the left ones are white.
